

Šremski Sport - Sports Facility

The sports facility in Šrem includes a few buildings. Apart from a swimming pool, there are also a full-sized sports hall, two squash courts, a gym, a sauna, a newly-built bowling area with two bowling tracks, and - in winter - a great indoor skating rink. The center also has its own accommodation facilities.

There is something for nearly every taste on Šrem Sport's offer. You can choose between aerobics, spinning, squash, step and pilates - just to name a few.

For kids, there is a special Kids Corner (Kącik Maluszka), where the little ones can have a great and safe time.
