

The Shared Stage of Łejery Theatre and the Children's Art Centre

The Shared Stage is a brand new name in the cultural guide of Poznań. It is a special place, created with a view to educating audience through art. It was built in Cytadela park, near Łejery school, after many years of efforts on the part of both the school and the Children's Art Centre.

The modern interiors of the venue are filled mostly with drama performances for children and teenagers, but also with concerts, workshop activities, meetings with artists, and exhibitions. The events are organised by Łejery school community and by the Children's Art Centre. The opening ceremony, attended by First Lady Mrs. Anna Komorowska, was held on 17 September 2013.
