Cars

Red Paid parking zone is in effect from Monday to Friday between 8am and 8pm and Saturday between 8am and 6pm. The **Blue Parking Zone** is in effect from Monday to Friday between 8am and 8pm. The condition of leaving a vehicle in the zone is paying the fee, whose amount differs depending on the vicinity from the center. The fee can be paid in parking meters or via mobile phone using the MoBilet app. The parking ticket purchased in a parking meter must be placed behind the windscreen of the vehicle.

A vehicle can also be left on paid parking areas, including **buffer zones**, located mostly on the rim of the paid parking zone. The price of leaving a vehicle in a buffer zone is 3PLN/hour.

The "[Park & Ride](#)" [car parks](#) and [Park&Go](#) car parks located in the city centre are also available to motorists in Poznań. The main idea is to encourage drivers to leave their car on the outskirts of the city and continue their journey by public transport, as well as to allow safe and legal parking outside the city center.
