

Storing luggage on the Poznań Main Station

If you are on the Poznań Main Station and you need to get rid off your luggage for a minute, you have two options to do that.

In the main hall you will find luggage lockers. They are available 24 hours and located on the level 1 just behind the exchange office. It is the safest way of storing but you need to remember few rules:

- Storing time is maximum 72 hours. After that time the bags may be taken away;
- Lockers may be used only a few hours or minutes but the payment is still for 24 hours up front;
- The machine takes only coins of 1, 2 or 5 zł and does not give a change back; in two luggage lockers it is possibility to pay by credit card
- Storing valuable things like money and electronics is forbidden.
