Bite in and see delicious movies and dinners at the Taste Film Festival. The combination of the activities of the Concordia Taste restaurant with Concordia Design, the Vox Artis Foundation and the city of Poznań must bring delicious results - and this is also the case this time. In the summer, in the very center of the capital of Wielkopolska, four versions of a real film and culinary feast will take place. Taste Film Festival is an extraordinary experience for the taste of every lover of cuisine and cinema. The Taste Film Festival will run from June 10 to August 26, 2021, and will include four screenings every 3-4 weeks. The events will include the presentation of artistically valuable films that are difficult to see elsewhere, as well as discussion panels, conversations with the creators and characters of the plot, and tasting dinners inspired by films.
