

Free WiFi access in and around Poznań

Poznań offers WiFi access to its residents and tourists. For business people, it is a key communication tool, for city visitors - a possibility to share their experiences in Greater Poland and its surroundings in real time. What matters the most is that the Poznań WiFi network is available to all - free of charge.

Poznań

The Poznań wireless network range covers the entire Old Town and the Plac Wolności area as well as Ostrów Tumski, and the network of transmitters is still being expanded. More information: wireless.poznan.pl.

What to do in order to use the free city WiFi?

1. Turn on WiFi access on your device.

2. Find **wireless.poznan.pl** on network list and connect to it.
3. Open your browser and connect with any website - it will redirect you to login page.
4. Accept terms and start browsing
5. Session time is 1 hour - after this time you need to log in again.
