

Boutique Hotels

For some years, Poznań has been aspiring to be the capital of Polish design. It is no wonder that more and more boutique hotels appear on its map - not too large in size, but with their own individual style in decor, often created by renown interior designers. Now and again, excellent art pieces and antique furniture is part of their stylish interiors. They are high standard hotels, not owned by a large hotel chain.

Discover Poznań's boutique hotels:

Ilonn Boutique Limanowskiego ****

Ilonn Boutique Limanowskiego is the second property belonging to an emerging group of properties owned by Ilonn Hotel in Poznań. Years of experience in running the hotel in Poznań have contributed to designing a place meeting the standards of modern business travel. Unique interior style and modular apartments reflect the most recent trends in the hotel industry. Ilonn Boutique Limanowskiego offers apartments in Poznań which combine modernity, technology, elegance and minimalist style with the charm of a vintage building. [More...](#)
