

# “Słodkie” - coffee and cake

The tradition of “słodkie” (coffee and cake, served in the afternoon) is Poznań at its finest. “Słodkie” is a must; we have to go out for “słodkie”; “słodkie” is the appropriate suggestion to serve to unexpected afternoon visitors. What is interesting, it can sometimes be offered even prior to the main meal. Luckily, there is no need to spend hours slaving over a hot stove, preparing your own baked goods. What are the pros there for, if not to please your and your guests’ palates with a slice of lovely apple pie, or a mouth-watering cheesecake. Of course, “słodkie” would not be what it is without a nice cup of steaming coffee - especially one brewed professionally from carefully selected coffee beans.
