

Discover Poznań on the HISTORY BUS and TRAM!

Discover Poznań with us in an unusual way - take a ride on the Historical Bus or Tram and visit the city's many sights. It's very simple - hop on the bus or tram at any of its stops, listen about the history of the sights you pass along the way (in Polish, English and German audio version) and hop off whenever you like.

Visit the spots you fancy at your own pace, relax over a cup of coffee and St Martin's croissant, taste the local restaurants' specialties and then - hop back on the bus or tram. You decide what you want you see and when!

How does it work?

- Buy a single ticket and discover Poznań
- Hop on and off at any stop
- The audio system tells you about the sights located en route of the bus (audio in Polish, English and German)
