Poznan is a very compact city, therefore the diverse range of accommodation possibilities, from top 5-star hotels to modern and budget friendly hostels are mostly located comfortably within the city center. The standardization of 1 to 5 star hotels is something which will be widely used and accepted throughout Europe. Poznań offers over 130 accommodation possibilities with about 13,000 beds, most of which have been reviewed online allowing future guests to verify their quality and standard before arrival.

Most hotels which can be used by IWA Conference participants are located in the city centre.
